*PRLog (Press Release) – Jul 02, 2011* – Singapore - FilmTack Pte Ltd announced that it has doubled window films slitting and rewinding lines to four and expanded facility space to over 23,000 sqft. The expansion, costing US\$1.6million, was funded primarily through internal sources. The expansion program also comes with the option to swiftly add one more line within a month. The combined facility capacity will stock over 38,000 rolls of window films and includes a modern tinting showroom.

Managing Director of FilmTack, Mr Poon Teo Kim says “We are very pleased by the completion of our expansion plan as it will enable us to better serve our rapidly expanding customer base and streamline our operations in anticipation of the inflation ahead. It will further consolidate Singapore’s position as an important window films distribution hub in the region. I hope to translate the cost savings to sustainable wage increment for our staff and limit the impact of raising raw material costs on our buyers.”

FilmTack is one of the leading window films B2B company, serving major private labels in the Asia-Pacific market. Window films are commonly -587266631 used in vehicles, offices and residences for heat and UV protection against harmful rays from the sun and limits the impact from shattered glass during accidents.
